

# Tech Company Fashion

The clothes that people wear at my tech company are amazing

Imagine a dress shirt with coloured flames all over it

Imagine walking around in socks

Imagine a shirt with salad dressing stains *that I am guilty of wearing*

A t-shirt tucked into black jeans	Anything with a tear or rip	Inappropriate shorts	Anything sweaty (shirts, watches, hair, etc.)	Does that guy even wash his clothes?
Something plaid (check graphic designers)	Does that guy wear the same thing every day?	Something with tape on it (pants, glasses, etc.)	Running shoes on someone who hates running	A button up shirt with an anime character
Does that guy even wash his clothes?	A t-shirt with an OS mascot (Tux, Beastie, etc.)	<b>Free Space!</b>	Someone over 19 years old with braces	The absolutely oldest shoes you've ever seen
Sweatpants (like the kind you wore as a kid)	Does your DBA have a combover?	SAS (socks and sandals)	SANS (shoes and no socks)	Anyone wearing anything that mentions C++
A t-shirt from a webcomic	A bootlegged t-shirt from a webcomic	The entire office wears glasses	Capris? What are those? (Answer: "I don't know")	Go look in the mirror. Do you look terrible?
